BS3 Pharmaceutical Storage and Distribution Specialists

Delivering specialist storage solutions for the Medical Cannabis market

Licensed for Medicinal Cannabis

BS3 is fully equipped to support companies operating under Australia's strict cannabis regulations.

- Licensed to store **Schedule 4, 8, and 9** cannabis products
- **Victorian Poisons Licence** for wholesale cannabis supply
- Aligned with **TGA Good Wholesaling Practice (GWP)**
- Facility suitable for clients with **ODC import licences**

Secure, Compliant Storage

Our Melbourne facility offers purpose-built zones to meet cannabis storage regulations:

- **Vault rooms** for S8 & S9 THC-based products
- **Refrigerated vaults** (2–8°C) for cold-chain S8 products
- **Controlled Room Temp (CRT)** 15–25°C storage for S4 Cannabinoids (CBD/CBG/CBN)
- Real-time tracking via **validated Warehouse Management System**

End-to-End Cannabis Distribution

BS3 supports compliant national distribution of medicinal cannabis:

- Transport for **S4, S8/9 and cold-chain products**
- Temperature-monitored deliveries with full chain-of-custody
- Dispatch to **pharmacies, clinics, distributors, manufacturers and clinical trial sites**
- Operates under strict **licensing and security protocols**

BS3

BS3 Pharmaceutical Storage and Distribution Specialists

Navigating Australia's cannabis regulations can be complex—we help make it simple

Regulatory & Licensing Expertise

- Understanding of **ODC**, **TGA**, and **state Poisons Licences**
- Expertise in **handling, storage, and release** of regulated products
- Support for **SAS-B programs, clinical trials, and pharmacy supply**
- Ongoing compliance audits and documentation support

Trusted by the Cannabis Sector

We work with emerging and established cannabis brands to streamline supply chain operations:

- No competing product lines—**we only provide logistics**
- Strict confidentiality between clients
- Customised onboarding for importers, manufacturers and dispensaries
- Dedicated cannabis account support

Why BS3 for Cannabis?

- Built for **compliance, safety, and speed**
- Licensed for **wholesale cannabis supply**
- Meets all **ODC, TGA, and State Health** storage and security regulations
- Trusted 3PL partner for all **medicinal cannabis finished products and API** (bulk dried flower/resin/isolate)
